HAIKU 3D PVC WALL PANELS

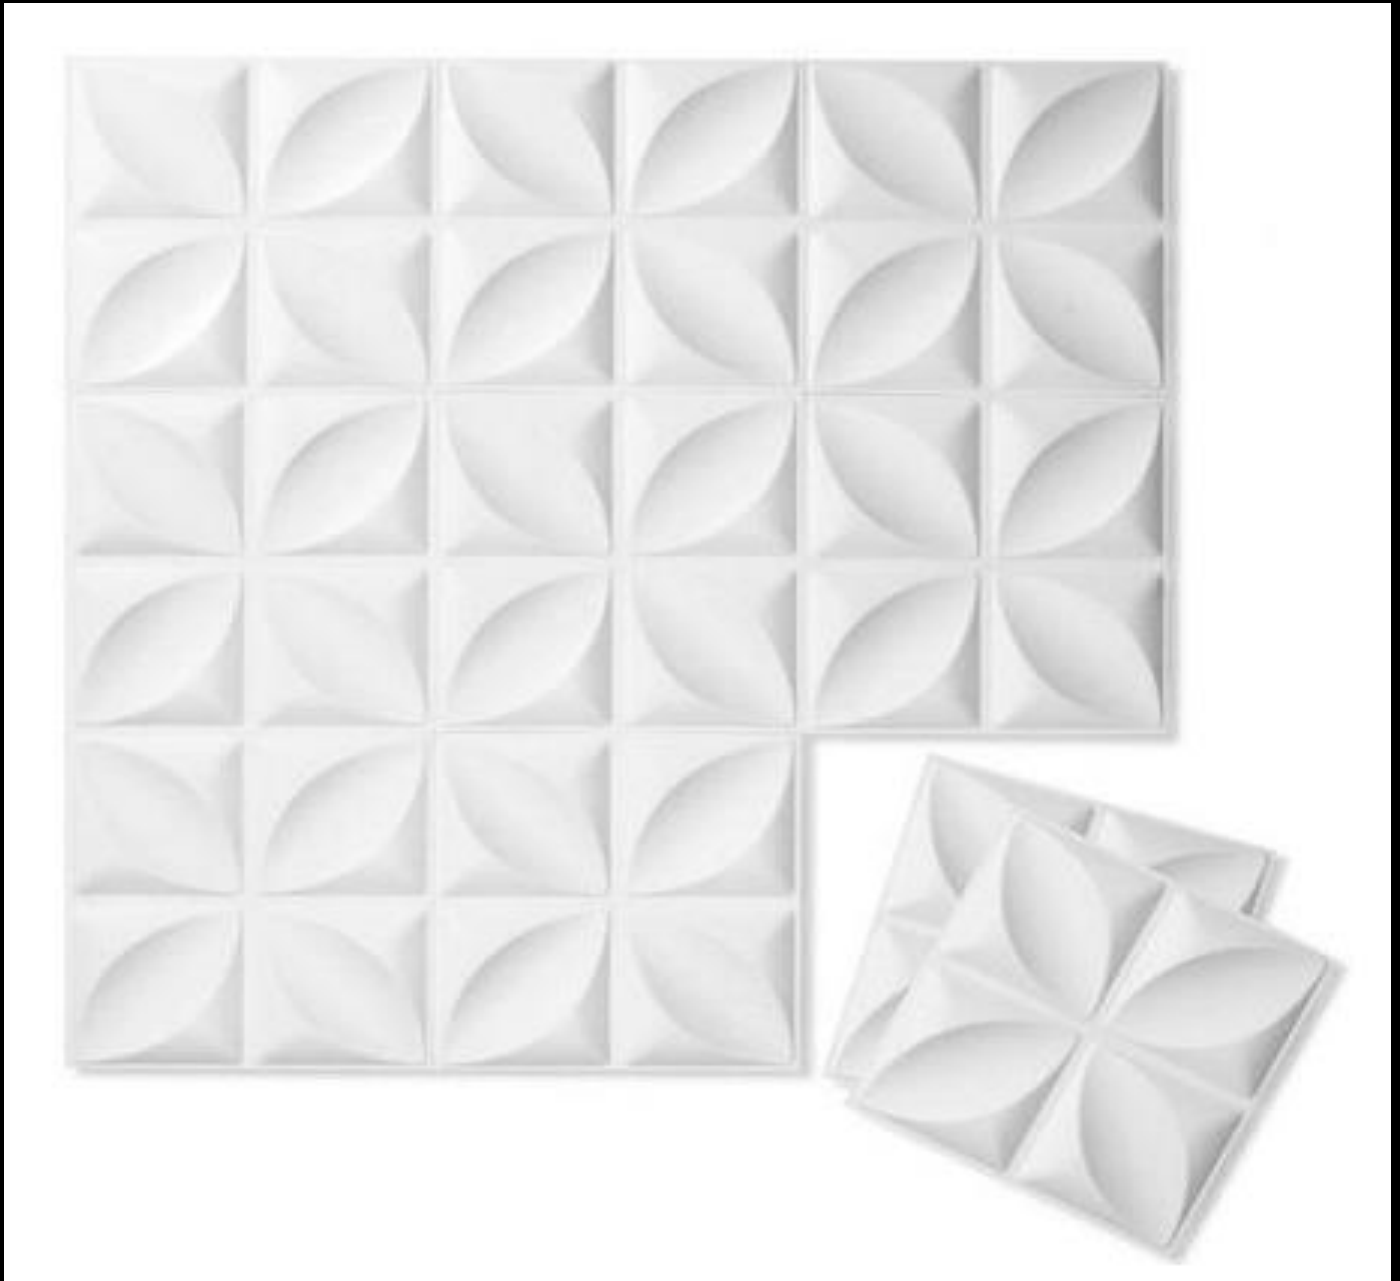

Description

HAIKU 3D PVC Paneling walls can make your residential apartment and office look brighter and spacious with an aura of elegance and sophistication. Our 3-Dimensional floral designs are visually stunning, thin and light, pretty sturdy, and long lasting. They are easily Installed with glue or command strip over any flat substrates. We supply this product in 500*500mm sizes and boxes of 12 panels.

We know what you need, we have what you want.

Some of the Applications

Technical Data Sheet

Properties	Units	Average Results
Thickness	mm	3
Density	$g.cm^{-3}$	0.47 ± 3
Water Absorption	%	<1
Tensile Strength at Yield	$N.mm^{-2}$	8-12
Shore D Hardness	Value	< 40
Bending Strength	$Kg.mm^{-1}$	>1
Compressive Strength	$N.mm^{-2}$	3
Impact Strength	$KJ.m^{-2}$	10-15
Softening Temperature	$^{\circ}C$	60-70
Voice Transmission	dB	13-15
Heat Conductors at 25/32	$W.mk^{-1}$	0.35-0.55
Fire Resistance Rate	class	B1
